

ULTI-MOTO

Give your motorcycle
the protection it deserves

TOTAL PROTECTION FOR YOUR MOTORCYCLE

**ULTIMATE CERAMIC PAINT PROTECTION +
ULTIMATE CORROSION PROTECTION**

**PROFESSIONALLY APPLIED
BY OUR FULLY TRAINED TEAM
3 YEAR WARRANTY**

ULTI-MOTO TOTAL PROTECT

This is the product we recommend every time, and it offers unrivalled levels of protection for your motorcycle.

Ulti-Moto Total Protect combines our two industry leading products, Ceramic 10H and Ultimate Corrosion Protection to give your motorcycle total protection.

Combining both of our care-packs, it offers you the ultimate care package and provides your motorcycle with the protection it deserves all year round.

THE ADVANTAGES

- » Protects your motorcycle's paintwork, metals and alloys
- » Protects against solvents, sunlight, acid rain and tree sap
- » Professional application ensures maximum coverage and durability
- » Makes cleaning your motorcycle quick and easy
- » Eliminates the need for harmful polishes
- » Highly hydrophobic - providing unbeatable weather resistance
- » Protects your electrical connections from corrosion damage
- » Long lasting barrier against rust and corrosion
- » Enhances the resale value
- » 3 year warranty on Ceramic 10H Coating when professionally applied.

ULTI-MOTO CUSTOMER CARE PACK

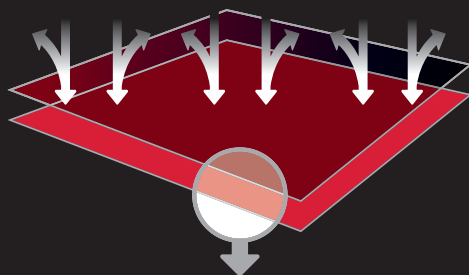

ULTIMATE CERAMIC PAINT PROTECTION

With modern water-based paint, your motorcycle needs additional protection to ensure it retains its factory finish.

Ceramic 10H is a professionally applied, industry leading, hard layer of protection that locks in the high-quality paintwork and prevents avoidable damage.

This enables you to quickly and easily clean your motorcycle with the care-pack we provide, whilst protecting against damage from the wrong type of cleaning and harmful elements.

COATED

Dirt and pollutants cannot attack paint

UNCOATED

Dirt and pollutants can sit in paint pores

ULTIMATE CORROSION PROTECTION

Unfortunately, all the metalwork and alloys on your motorcycle need a powerful extra layer of protection in the fight against corrosion.

Our professionally applied, long-lasting protection system uses high pressure atomisation in a controlled environment to ensure maximum coverage and durability. As part of the process, we ensure swirling of the atomised product to enable it to reach hard to access areas. This results in unbeatable corrosion protection for your motorcycle.

ABOUT US

The **Ulti-Moto** range has been developed to make looking after your motorcycle as easy as possible. Each product has been extensively tested to ensure that they perform to the high standards you would expect.

Not only do they make cleaning your motorcycle a pleasurable experience, they also keep your bike in the best possible condition. **Ulti-Moto** products are designed to offer the ultimate protection for your motorcycle, wherever and whenever you use it.

WARRANTY

Our 10H Ultimate Ceramic Paint Protection comes with a 3-year hassle-free warranty. All that is required is that you take reasonable care of your motorbike. This warranty is unique in the marketplace as no additional treatments are required after initial application (unless the motorbike is damaged, or paintwork is repaired). Ceramic Coat will need to be registered and applied by your Ceramic Coat dealer otherwise claims cannot be accepted.

**WHATEVER YOU RIDE,
CHOOSE ULTI-MOTO
AND GIVE YOUR
MOTORCYCLE THE
PROTECTION IT
DESERVES**
